Designer Profile

Lisa Swerling & Ralph Lazar are award-winning authors and artists.

They both grew up in Cape Town, South Africa, met in London where they lived for 20 years, and now live in San Francisco with their 2 daughters.

Lisa studied Politics, Philosophy & Economics at Oxford University.

Ralph studied finance at the London School of Economics.

They have won multiple international awards for their work, and were on the New York Times Bestseller list in 2015.

Their Happiness Is...brand was created in 2013.

Currently has 3+ million followers on Facebook, with a weekly reach in excess of 12 million.

How did Happiness Is...comes about?

It all Happened in the summer of 2013 at a beach house in Sayulita, Mexico. The Happiness Is concept's humble beginnings started with a simple Face book Page where the creators, Ralph and Lisa, requested people to share things that made them happy and promised to illustrate those happy moments and thoughts that struck a cord.

Within a few weeks they were getting hundreds of suggestions a day from all over the planet, and tens of thousands of 'likes'. Suddenly their Facebook page had become a platform to share happy thoughts. Ralph and Lisa were soon posting illustrations every hour, and the page was exploding with popularity, hitting a million likes within a few months, then two million...and the count today stands at more than 3,000,000 engaged fans.

The creators realized that what made people happy seemed to be very similar across the world, regardless of personal or political circumstances and that true Happiness exists in the simple but often unnoticed joys of every day life.

Quality without Compromise

Ceramic Tableware is a demanding industry that has specific, ever-evolving needs. The unique blend and amalgamation of raw materials, breakthrough technology and a quality assurance team, guarantees that all CLAY CRAFT items are kept in line with these requirements.

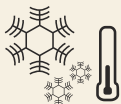

Dishwasher Safe

Our ware is fired at high temperature which makes it highly resistant to repeated dish washing cycles.

Microwave Safe

CLAY CRAFT products are microwave safe due to their heat resistant layer of glaze.

Thermal Shock Proof

CLAY CRAFT products not only retain heat to keep the food warm, but also are resistant to variations in temperature.

High Chip Resistance
